Dental

211 (United Way of Salt Lake)

211 is an easy-to-remember, three-digit number that connects people to the services they need, such as housing and utility assistance, food resources, legal aid and more. You can access it online or by dialing 211 during office hours and describing the type of problem and service you are seeking. If you don't find an answer elsewhere, it is possible that 211 may help.

The list of available resources to assist the poor in our community is extensive, though never fully equal to the need. Categories of help are found on the website.

Housing and Utilities
Food
Transportation
Legal
Mental Health and Addictions
Medical, Dental, Vision
Employment
Education and Training
Domestic Violence and Abuse
Seasonal Services

Midtown Community Health Center

Midtown Community Health Center's goal has been to ensure that all community residents have access to quality, affordable healthcare with a focus on providing care to underserved populations. We want to ensure that all community residents have access to healthcare — especially those with lower incomes, without health insurance, who speak languages other than English, and individuals who face barriers to receiving care in a traditional healthcare setting.

Services provided:

- Medical
- Prescription
- Dental
- Mental Health
- Care Management
- Outreach and Enrollment
